

**2011 NAC AgRelations Award
Nomination Form**

Purpose of Award

This award was established to provide public recognition of a person who has done the most to advance the objectives of the Council. The objectives of NAC focus on telling the storey of Nebraska agriculture and promoting a better understanding by both agriculturalists and non-agriculturalists of its achievements as well as its challenges.

Qualifications

There are many ways an individual might qualify for this award. The Council has members who have, by personal example and accomplishment, enhanced the public image of agriculture. There are others who have not been visible but whose influence has, nevertheless, been profound. They are to be found in public service, agricultural organizations, agribusiness, educational institutions, government and the mass media. There may be persons who are not members of the Council or residents of the State who deserve consideration.
